

2nd Global Event on Materials Science and Engineering

November 06-07, 2025 | London, UK

Theme: "Focusing on New Trends to Nurture Future Directions in Materials Science & Engineering"

Overview:

This experience helps Materials Science 2025 to encourage a strong level of dialogue and discussion, thus maximizing the benefits of attendance. This Webinar surely provides great research-related information and insight into the development of the world Chemical industry, which in turn attendees to make better and more profitable decisions for upcoming generations.

Sponsorship and Exhibitor Opportunities:

We are excited to invite you to sponsor and exhibit at Materials Science 2025. If you have more queries on Exhibitor and Sponsorship please write an email to info@scitechseries.com

Call for Abstracts:

Participants are invited to submit abstracts on research and findings relevant to the scientific sessions. The sample template is available on the "Abstract submission" page of the conference website. Accepted abstracts will appear in the conference extended abstract book, which will be available online and distributed at the event.

Important Dates:

Abstract Submission Opens on: November 18, 2024

Registration Opens on: November 19, 2024

For Abstract submission visit:

www.scitechseries.com/materials-science/abstract-submission

Conference Registration:

Speaker (Physical)

\$ 549

Listener (Physical)

\$ 649

Exhibitor (Physical)

\$ 2549

Speaker (Virtual)

\$ 249

Listener (Virtual)

\$ 349

Exhibitor (Virtual)

\$ 1449

Contact Us: materialscience@scitechconference.com

REGISTRATION BENEFITS

For In-person attendees

- Entry to all conference sessions, poster presentations, and the exhibition area
- Conference kit comprising a name tag, program booklet, and abstract book
- Two coffee breaks and lunch provided for each day of the conference
- Accreditation Certificate issued by the Organizing Committee

For Virtual attendees

- Access to all presentations
- An E-abstract book and program
- An E-certificate for presentation and participation

For more registration queries, please contact: finance@scitechseries.com

Scientific sessions:

- Materials Science and Engineering
- Minerals, Metals and Materials in Industry
- Materials Physics
- Materials Chemistry
- Surface Science and Engineering
- Biomaterials and Medical Devices
- Nanomaterials and Nanotechnology
- Batteries and Solid Electrolyte Materials
- Structural Materials and Metallurgy
- Advanced Materials and Nanotechnology
- Biomaterials and Healthcare
- Energy Materials
- Composite Materials
- Functional Materials
- Crystallography
- Materials Synthesis And Processing
- Polymers
- Ceramic Materials
- Nanostructured Materials
- Emerging smart material

VENUE: LONDON, UK

London, a vibrant city in the United Kingdom, offers a unique blend of contemporary urban energy and rich historical significance. Situated on the banks of the River Thames, the city showcases its British heritage while embracing a diverse mix of global cultures. London has evolved into a modern metropolis, yet it retains its historic charm, from iconic landmarks to centuries-old traditions. With its perfect fusion of classic elegance and lively cosmopolitan spirit, London remains an exciting destination that invites exploration.
